FHHS AT A GLANCE

OUR MISSION

To promote a healthy, compassionate, and educated community through medical care, prevention education, supportive services, advocacy, and research.

OUR HISTORY

Founded in 1988 as West Alabama AIDS Outreach (WAAO), the agency's original mission was to provide HIV-related outreach and prevention services to West Alabama. Since that time, the agency has expanded to include a variety of services for populations in need of specialized or general care. In February 2018, recognizing the minimal options for HIV medical care and complete lack of PrEP (pre-exposure prophylaxis) services in West Alabama, the agency opened its medical clinic to focus on HIV care, PrEP, and STI testing and treatment. At this time, the agency re-branded from West Alabama AIDS Outreach to Five Horizons Health Services in order to reduce stigma associated with the term 'AIDS' and maximize participation in services by all populations. In July 2020, recognizing the dearth of HIV and PrEP services in East Central Mississippi, Five Horizons opened its clinic in Starkville, MS. This clinic serves a sixteen-county rural area with nearly identical demographics and HIV risk factors as West Central Alabama. As in Alabama, services include medical care (HIV, PrEP, STI), HIV-related case management, prevention education, and outreach. In November 2022, FHHS began providing services for the AIDS service organization in Montgomery, which brings our total reach to 53 counties.

OUR IMPACT IN 2023

2,202
HIV Clients

553
PrEP Patients

2,256
Case Management Clients

274
Events/Education Sessions

19,107

A MESSAGE FROM THE CEO

This past year has been an exceptionally active and productive one at Five Horizons. Staff have utilized sophisticated print and marketing campaigns to disseminate information about the agency's services, promoted new programming, and welcomed the addition of a location at the Beacon Center in Montgomery, AL.

Billy Kirkpatrick, Ph.D.
Chief Executive Officer

Over the year, staff have provided STI testing and treatment to several hundred patients, PrEP (pre-exposure prophylaxis) to more than 500 individuals at high risk of contracting HIV, and HIV-related case management to over 2,200. Extensive outreach efforts have continued at The University of Alabama, Stillman College, Mississippi State University, the University of West Alabama, and Alabama State University. Provision of advocacy and research continues in earnest as well.

With an amazing staff, a dedicated board of directors, and an incredibly supportive community, Five Horizons is poised to continue making great strides in 2024.

SUNSET SUPPER ON THE RIVER

On May 11, 2023, FHHS held it's 9th Annual Sunset Supper on the River at the Tuscaloosa River Market. There were over 300 individuals in attendance to hear Shey Thorn share his personal story of living with HIV. The evening featured a silent auction and raffle. This year's event also served as a celebration for the 35 years of support from Five Horizons to the HIV community in Alabama and Mississippi.

AGENCY HIGHLIGHT

In 2023, the Prevention and Outreach team in the Northern Region tested 902 Alabamians, linking **211** of those to PrEP services. We connected with more than **30** community partners to include Tuscaloosa City, Hale, and Bibb County Schools, Northwest UHC Substance Use Recovery Center, Walker Recovery for Women, Aliceville Correctional Facility, Boys and Girls Club of West Alabama, and Mississippi Votes. We participated in **192** community events and education sessions, reaching **16,221** people. We piloted the integration of behavioral health services and **91%** of those individuals referred are still in care. Lastly, we grew from a department of 5 full-time employees to 8 full-time employees and 10 part-time Campus Ambassadors across Stillman College, University of Alabama, University of West Alabama, Shelton State Community College, and Mississippi State University.

In 2023 the Prevention and Outreach team in the Southern Region tested **548** Alabamians linking **77** of those to PrEP services. We connected with **7 new** community partners and participated in **82** community events, reaching **2,886** people. Lastly, we grew from a department of 2 full-time employees to 6 full-time employees and 4 Campus Ambassadors.
